FINDINGS AND DECISION

This medical fee dispute is decided pursuant to Texas Labor Code §413.031 and all applicable, adopted rules of the Texas Department of Insurance, Division of Workers' Compensation.

Background

1. 28 Texas Administrative Code §133.307 sets out the procedures for resolving medical fee disputes.
2. 28 Texas Administrative Code §134.600 sets out the guidelines for prospective and concurrent review of health care.
3. The services in dispute were reduced/denied by the respondent with the following reason codes:
   - 197 – Precertification/authorization/notification absent
   - 193 – Original payment decision is being maintained

Issues

1. Did the Carrier deny the disputed services within guidelines rules?

2. Is the requestor entitled to reimbursement?

Findings

1. The Carrier denied the disputed services as "197 – Precertification/authorization/notification absent." 28 Texas Administrative Code §134.600 (p) states in pertinent part, "Non-emergency health care requiring preauthorization includes: (7) all psychological testing and psychotherapy, repeat interviews, and biofeedback, except when any service is part of a preauthorized or division exempted return-to-work rehabilitation program;" Review of the submitted documentation finds no evidence the services in dispute were prior authorized. The Carrier's denial is supported.
2. Requirements of Rule 134.600 were not met. No additional payment can be recommended.

Conclusion

For the reasons stated above, the Division finds that the requestor has not established that additional reimbursement is due. As a result, the amount ordered is $0.00.

ORDER

Based upon the documentation submitted by the parties and in accordance with the provisions of Texas Labor Code §413.031, the Division has determined that the requestor is entitled to $0.00 reimbursement for the disputed services.
